

extrinsic component of plasma membrane

cytoplasmic side of plasma membrane

extrinsic component of membrane

side of membrane

extrinsic component of cytoplasmic side of plasma membrane

site of polarized growth

cullin-RING ubiquitin ligase complex

cytoplasmic side of membrane

vacuole

cell projection part

axon

neuron projection cell projection

plasma membrane bounded cell projection part

focal adhesion

plasma membrane bounded cell projection

cell-substrate adherens junction

cell-substrate junction dendrite cell junction

adherens junction
