

small ribosomal subunit

intracellular non-membrane-bounded organelle

non-membrane-bounded organelle cytosolic part

chromosome

ribonucleoprotein complex ribosome

cell-substrate adherens junction

ribosomal subunit

intracellular organelle part

organelle part

mitochondrial envelope

cell-substrate junction

mitochondrial part

organelle membrane

endosome membrane

protein-containing complex

mitochondrial membrane

catalytic complex

envelope

organe<mark>lle</mark> envelope

mitochondrial inner membrane

organelle inner membrane

ubiquitin ligase complex

transferase complex

vesicle coat

clathrin adaptor complex

trans-Golgi network

clathrin coat
