

instar larval or pupal development embryonic morphogenesis

imaginal disc morphogenesis

instar larval or pupal morphogenesis

cell projection organization anatomical structure morphogenesis

post-embryonic animal organ morphogenesis morphogenesis of embryonic epithelium

plasma membrane bounded cell projection organization

epithelium development

wing disc development

post-embryonic animal organ development

actin cytoskeleton organization

imaginal disc development tissue development

animal organ development

tissue morphogenesis

metamorphosis

wing disc morphogenesis

tube morphogenesis post-embryonic development

nervous system development

morphogenesis of an epithelium

epithelial tube morphogenesis

post-embryonic animal morphogenesis actin filament-based process

neuron development

amino sugar metabolic process
