

## regulation of cellular component organization

growth

egulation of intracellular signal transduction

developmental growth

cell projection morphogenesis

regulation of multicellular organismal process

intracellular signal transduction

regulation of response to stimulus

regulation of cell communication regulation of developmental process

cellular component morphogenesis

cell morphogenesis neuron development

cell projection organization

regulation of signaling generation of neurons

neurogenesis

neuron differentiation plasma membrane bounded cell projection organization

regulation of signal transduction

cell morphogenesis involved in differentiation

movement of cell or subcellular component

animal organ morphogenesis // tissue morphogenesis

imaginal disc development epithelium development

tissue development

morphogenesis of an epithelium
