

lytic vacuole membrane lysosomal membrane

integral component of Golgi membrane

Golgi membrane

intrinsic component of Golgi membrane

vacuole

autophagosome

phagophore assembly site

cytosol

nucleus

basal part of cell

cytoplasmic region type I terminal bouton

chromosome, centromeric region chromosome

centrosome SCF ubiquitin ligase complex

kinetochore chromosomal region

chromosomal part cell projection membrane

cell projection part

cell leading edge

integral component of plasma membrane

intrinsic component of plasma membrane

plasma membrane part

plasma membrane protein complex

voltage-gated potassium channel complex

potassium channel complex
