

cell fate commitment

regulation of cell communication

cell d<mark>eve</mark>lopment

regulation of signaling neuron differentiation

anatomical stru<mark>ctur</mark>e morphogenesis

cell morphogenesis

neurogenesis

generation of neurons

regulation of multicellular organismal process

morphogenesis of an epithelium cell differentiation

tissue morphogenesis cell projection organization

animal organ development

tissue development

cellular developmental process

neuron projection morphogenesis

nervous system development animal organ morphogenesis positive regulation of biological process

cell morphogenesis involved in neuron differentiation

plasma membrane bounded cell projection morphogenesis

cellular component morphogenesis

neuron projection development

cell part morphogenesis

plasma membrane bounded cell projection organization

cell projection morphogenesis

neuron development
