

## sodium channel activity

neurotransmitter:sodium sympomenavalent inorganic cation transmembrane transporter activity carbohydrate binding

metal ion transmembrane transporter activity

sodium ion transmembrane transporter activity

signal transducer activity

transporter activity

transmembrane transporter activity

lipid transporter activity

P-P-bond-hydrolysis-driven transmembrane transporter activity

primary active transmembrane transporter activity

ATPase activity, coupled to movement of substances

endonuclease activity, active with either ribo- or deoxyribonucleic acids and producing 5'-phosphomonoesters

ATPase activity, coupled to transmembrane movement of substances

catalytic activity, acting on RNA

ribonuclease activity

endoribonuclease activity

endoribonuclease activity, producing 5'-phosphomonoesters

lipase activity

endonuclease activity

nuclease activity

hydrolase activity, acting on ester bonds

phosphatidylinositol binding

phosphoric ester hydrolase activity

ubiquitin-like protein ligase binding

phosphatase activity

phosphoprotein phosphatase activity

ubiquitin protein ligase binding

protein serine/threonine phosphatase activity
