

transmembrane receptor protein tyrosine kinase activity

transmembrane receptor protein kinase activity

protein tyrosine kinase activity

transmembrane signaling receptor activity

molecular transducer activity

ligand-gated channel activity

ligand-gated ion channel activity

signal transducer activity

signaling receptor activity

channel activity

substrate-specific channel activity calcium ion transmembrane transporter activity

passive transmembrane transporter activity

gated channel activity ion channel activity

ion gated channel activity

voltage-gated ion channel activity cation transmembrane transporter activity

cation channel activity

metal ion transmembrane transporter activity

voltage-gated channel activity

inorganic cation transmembrane transporter activity

secondary active transmembrane transporter activity

active transmembrane transporter activity

organic acid transmembrane transporter activity organic anion transmembrane transporter activity

carboxylic acid transmembrane transporter activity

anion transmembrane transporter activity dicarboxylic acid transmembrane transporter activity

drug transmembrane transporter activity
